EMPHASIZING "PERSONAL" EVANGELISM

I. INTRODUCTION:

- A. How many would like to see more people obey the gospel of Jesus Christ? To see more people become Christians?
- B. How many believe it is the work of the church to convert the lost?
- C. How many believe it is the work of the "hired" and "full time" evangelist to convert the lost?
- D. How many of you would like to convert someone to Christ yourself?
 - 1. The number responding indicates that many of you would like to do better at evangelism.
- E. Sad truth? Sometimes, instead of being "fishers of men" we have become "keepers of the aquarium"!
 - 1. A question for this church is this a fishing venture or an aquarium?
- F. Why, if we want to do better (and I believe that we really do) don't we do better?
 - 1. I believe that there are at least three basic NEGATIVE reasons.
 - 2. We can emphasize personal evangelism by de-emphasizing some negative areas.
 - a) The "clergy-laity distinction."
 - b) Institutional vs. individual work.
 - c) Too much emphasis on the building / physical plant.
- G. Note: NOTHING I say is meant to discount the need for preaching the gospel!
 - 1. Romans 1:16
 - 2. Romans 10:14-17
 - 3. 1 Corinthians 1:18-21 ... "foolishness of preaching" NOT by "foolish preaching"
- II. THE CLERGY LAITY DISTINCTION (thus WE do not preach Christ!).

A. Definitions:

- 1. Clergy ¹ n. 1: the body of men ordained to the service of God in the Christian church. 2: the official or sacerdotal (saslr-dotal priesthood from root sarsc - sanctify) class of a religion. 3: clergymen (member of the clergy).
- 2. Laity 2 n. 1: the people of a religious faith as distinguished from it's clergy.
- B. First ... who would you choose?
 - 1. Trend for today:
 - a) Ph D
 - b) Th D
 - c) Doctor of Divinity
 - d) Master ... of something.
 - e) Many (too) Christians today are impressed by degrees from various Divinity schools - Harvard, Yale, Princeton - or some brotherhood preacher school.
- C. No such distinction made in the New Testament
- D. Whom did God choose?
 - 1. Fishermen.
 - a) Matthew 4:18-21 (Peter, Andrew, James & John).
 - 2. A publican.
 - a) Matthew 10:3 (Matthew PUBLICAN 3 2: An undercollector of Roman revenue - the ordinary publican, the lowest class of the servants engaged in the collecting of revenue (Levi example).
 - 3. Carpenter Mark 6:3 (Jesus Himself) "is this not the carpenter, son of Mary?..."
 - 4. Physician Colossians 4:14 (Luke) "Luke the beloved physician..."

¹ Webster's 7th New Collegiate Dictionary

³ Zondervan Pictorial Bible Dictionary

- 5. The Bible way? Ordinary men ... not "preacher types." Not men trained in seminaries for the "clergy."
- E. The NEED for ALL Christians to be "ministers." See definition of Clergy: the body of men ordained to the service of God in the church.
 - 1. "Ordained" means simply "separated to" ... "set apart for" or "called out..."
 - a) Are not all Christians "ordained to the service of God in the church"?
 - 2. Paul encouraged "saints" to "Hold fort the word of life"
 - a) Philippians 2:14-16
 - 3. Some preachers may become jealous (or fearful) of others who are successful at teaching (TRY to make me jealous!!!)
 - 4. Paul was himself taught by "just a disciple"
 - a) Acts 9:10 " a certain disciple at Damascus" "a devout man " Acts 22:12.
 - 5. A city is not lit by one light but by many small ones. (Even the greatest light will not shine very far in the dark. Stadium lights make a good example it takes many!)
- F. Preachers who don't want to GO.
 - 1. Happy to "keep house."
 - 2. Happy to be "secure."
 - a) Those who view working with a large church as a "career advancement" ... would not think of working at a "small" or "difficult" place – one not self-supporting.
 - 3. Time so cluttered by "serving tables" ... that they have no time for evangelism!
 - a) Cf. Acts 6:2
 - b) Brethren some churches expect the preacher to visit (make house calls) everyday!
 - c) Preacher "sick" calls (elders duty James 5).
 - (1) Do I have a duty to visit the sick? Yes I do! But it is because I am a Christian, not because I am a

preacher!

- 4. Wait on the offended calls.
 - a) Offended over preaching (Jesus said "let them alone")
 - b) Offended over a perceived "snub" ("You didn't speak to ME")
 - c) Offended in a squabble with another Christian.
- 5. Write for the brotherhood "journals" feel duty bound to protect the brotherhood.
- 6. Spend more time debating with other preachers on the internet than teaching in the local church or the local community.
- 7. Run an "information" service ... brethren are upset if he doesn't publish a bulletin (one way we make sure he is busy).
 - a) Expect him to be a public relations representative to the community.
- G. Fostered by "Pastor / clergy" concept (i.e. "my preacher" "my minister" ... idea one has not been officially visited until visited by the "preacher")
 - 1. Sometimes (many times) is promoted either intentionally or unintentionally by preachers themselves because we don't know how to break the traditions that surround us!
 - a) Sometimes the idea of preachers is "only work two days a week ... preach two sermons on Sunday and a Bible class on Wednesday night."
 - b) E.g. Letter written to T.R. elders ... "preacher has not been to see me!" Edwards.
- H. Preachers MUST be willing to "go preach."
 - 1. Consider the duties of the evangelist:
 - a) 1 Timothy 4:13
 - b) 2 Timothy 2:15
 - c) 2 Timothy 4:1-5
 - 2. Brethren, we have often turned gospel preachers into "waiters"i.e. serving tables ... instead of proclaimers of the gospel!

- 3. Do you have the idea that all preachers have to do is two sermons a week, etc.? Therefore he has time to pick up supplies, groceries, run people to the doctor and to town, etc.
 - a) This certainly has it place ... and time and need for the one who may be the preacher ... but not because he is a preacher ... because he is a Christian ... therefore ... he can and should TAKE HIS TURN!
 - b) BTW ... there is a reason God designed for the work of deacons!
- I. The "every small church must have a preacher" syndrome.
 - 1. Where we support men at every small place just so they can have a full time preacher.
 - a) Church may be there for 50 or 60 years and not grow (numerically or spiritually) or has already reaped the harvest (e.g. Gladesville, WV)
 - b) They may have been feuding for 49 of those 50 years and only need a referee! (Summersville).
 - c) Sometimes there will be a number of churches within a few miles of each other each having to have a "full time" man (becomes sort of a status symbol) ... often because these churches cannot get along with each other!
 - 2. Brethren, preachers need to be elsewhere do you realize how many cities / countries do not have Christians in them?
 - 3. This is not intended to be negative against <u>some</u> small places or even large places ... Paul was at Ephesus for 3 years.
 - 4. The church needs to develop talent from within.
 - a) Teachers to edify.
 - b) Teachers to preach to the lost.
 - c) Teachers to evangelize the community.
 - (1) The habit of many churches is to allow the one or two men who already do ... do all the teaching!
 - (2) Do you need to be training other men to develop their talents as public teachers?

- (3) I recognize the differing degrees of ability.
 - (a) Go as far as you can ... get help.
 - (b) Most 5th grade math teachers cannot teach calculus, but can guide students through the basics, then direct the student to who can.

III. INSTITUTIONAL VS INDIVIDUAL.

- A. Much of the church today has an "institutional" view of the work of the church:
 - 1. Herald of Truth
 - 2. One Nation Under God
 - 3. Boles Children's Home
 - 4. Hospitals
 - 5. Schools, etc.
- B. Not saying that there is not a place for the collective effort of a congregation in reaching the lost (meetings, special classes, etc.) ... there is ... but, there is sometimes too much emphasis placed on collective efforts, and not enough on individual actions.
- C. Consider the emphasis of the New Testament on individuals:
 - 1. The "Great Commission" was given to individuals.
 - a) Mark 16:15-16; Matthew 28:18-20.
 - 2. Those "scattered abroad" who went "everywhere preaching the word" were individuals.
 - a) Acts 8:1-4
 - b) Went *everywhere*.
 - c) Not supported.
 - d) Not governed by organization/institution there wasn't any!
 - 3. The Holy Spirit sent individuals Barnabas & Saul from among 5 teachers in the church at Antioch.
 - a) Acts 13:1-4

(1) Perhaps supported by the church, but sent by the Holy Spirit -- Antioch did not control where, when, etc.

(a) Cf. Acts 13:4-6

- 4. Individuals need to be busy teaching the truth. It is the wrong idea for one to say, "I'll preach IF you will pay me." (Should prove himself first).
 - a) When a man gets out of work ..."I will preach."
 - (1) Some have idea "two sermons and a Bible study a week" @ easy life!
- 5. Need to involve ourselves in the community. Not in the sin of the community ... in the people of the community contact with the lost.
 - a) How many of your neighbors do you know?
 - b) Sometimes we become like the Essenes' of the New Testament (purity party that believed they must separate themselves entirely from those about them lest they become contaminated.)
 - c) Or Pharisees (separatist) have we become separatists? Formal? Stiff? Stand-off-ish? ... do we have a monastical view?
 - d) A new convert is many times the best personal worker zeal, enthused, and <u>still</u> has ties with the community!
 - e) Inspire home studies "Do you read the Bible?" "NO" "Can I come read with you?" "YES" "Can I come read with you?"
- 6. We need to make our homes centers of evangelism. (Our church building can be either an advantage or a millstone).
 - a) Draw "house to house" illustration here (Harold and Dorothy Snider).
 - b) Members are often scattered among different communities that is good use it to our advantage!
 - c) We need families in communities not necessarily "preachers."

(1) Like dandelions – where there is one, there will soon be more!

IV. EMPHASIS ON BUILDING / PHYSICAL PLANT.

- A. Churches often place such emphasis on the physical plant that they burden the whole church with such debt as to effectively eliminate collective evangelism!
- B. Some feel it important that the "church of Christ" have a building at least as good as the denominations about them.
 - 1. What happened to schools, store fronts, barns, under the tree? (I've preached in all of these places!)
 - 2. Maybe it would be good for us to remember where we came from?
- C. Insist that all local work / teaching / evangelism be done there (building) ... sinners must "come."
- D. To my knowledge, the local church was not established for evangelism "per se" established for edification.

V. CONCLUSION:

- A. To be successful:
 - 1. Must sanctify the Lord God in our hearts.
 - 2. Must be greatly concerned for the lost around us.
 - a) Cf. Acts 17:16
 - (1) KJV "his spirit was stirred within"
 - b) Look around ... the fields are white unto harvest!
 - 3. We need to place more emphasis on "personal evangelism" "You and I" Christianity!
 - 4. A scattered church is good ... if individuals are teaching (Acts 8).
 - 5. How many of you would REALLY like to see your neighbor avoid hell and go to heaven?
 - 6. How do we go about it?
 - a) Pray

- b) Study (prepare daily)
- c) Emphasize Scriptural Authority.
- d) Illustrate.
- e) Be sincere.
- f) Bring to conclusion.
- 7. Remember You have an "Open Door"

I believe this outline originated with Sewell Hall (?)
